EM1435H

Manual Tank Washer

Product Data Sheet

Aqueous Only

Overview

Fountain products are USA designed and manufactured rooted in half a century of expertise building commercial grade equipment engineered for the rigors of industry. Our designs benefit from continuous improvement from modern technologies and materials, valuing the voice of the customer, and a desire to lead and never follow. The EM1435 is a mobile, aqueous manual parts washer based on a plastic structure construction. It uses a sink style design with a flow through brush and nozzle for cleaning. A basin contains the fluid below the sink with a heater for holding at the proper temperature.

Function

The manual parts washer features an ergonomic work area and workflow tools, including a flow-through scrubbing brush and flexible rinse nozzle. The rolling sink solution style is market-unique and more versatile in various shop cleaning scenarios.

Application

Industrial Cleaning, Automotive Service/Repair, CNC Fabrication Rinse, Agricultural Fabricators, Agricultural Maintenance/Repair, Power Sports Shops, Government Municipalities, Aerospace, Post Processing, Military Service/Repair

Product Highlights

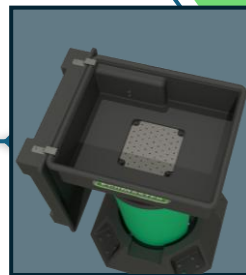

Multistage strainer for maximum work area usage and collecting debris. Simple to clean and easy to use with a

Module with illuminated, easy access buttons for pump and heater control.

Flow through brush with control valve and nozzle with adjustable spigot and on/off control. (Shortened hose length shown)

EM1435 Manual Tank Washer

Product Data Sheet

Features

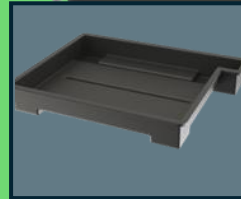

- Heavy-duty roto-cast thermoplastic cleaning sink
- 12-gallon drum capacity
- Removable stainless-steel strainer
- Flexible wash nozzle spigot
- Flow-through wash brush with flow control
- Heating module
 - 1000W Heating
 - Automatic Thermostat Control
 - Manual Heating On/Off
 - Heating pre-set at 115°F
- Wash pump w/ Viton seal 210 GPH
- Rolling casters for mobility
- Drain pan and cover accessory
- Drum latches for easy sink removal and access

Standard Accessories

- Flow-Through Wash Brush
- Removeable Strainer
- Caster Rolling Base with Locking Wheels

Product Dimensions

Overall Dimensions: 25" D x 25" W x 43.5" H
Shipping Dimensions: 28" L x 25.5" W x 35.5" H
Shipping Weight: 55 Lbs.

Drain Pan/Cover

Caster Rolling Base

Electrical Configurations

Voltage	Phase	Freq	Current	Main Fuse	Heating Wattage
115 V	1 PH	60 Hz	11 A	N/A	1000 W
