EM230

Sink on Drum Part Washer

Product Data Sheet

Aqueous

Overview

Fountain products are USA designed and manufactured rooted in half a century of expertise building commercial grade equipment engineered for the rigors of industry. Our designs benefit from continuous improvement from modern technologies and materials, valuing the voice of the customer, and a desire to lead and never follow. The EM230 sink on drum is our best-selling aqueous manual parts washer, offering rugged 16GA 304 SS construction, tough field-proven modular assemblies, 75 lbs. weight capacity, and waterproof electronics that offer high reliability even in harsh conditions.

Function

Ergonomic manual parts cleaning with a sturdy corner-to-corner work surface with value adding workflow tools including a flow-through brush and flexible rinse spigot. Heated aqueous solution to provide the optimum cleaning performance

Application

Industrial Cleaning, Automotive Service/Repair, CNC Fabrication Rinse, Agricultural Fabricators, Agricultural Maintenance/Repair, Power Sports Shops, Government Municipalities, Aerospace, Post Processing, Military Service/Repair

* Drum for display only; drum sold separately.

Product Highlights

Rugged 16-gauge 304 stainless steel construction

Drawn sink for internal smooth corners and ideal drainage

Premium aqueous Heater Pump Module (HPM) option for fully waterproof electronics tailored for coastal and harsh environments.

.Flow-through brush to wash away contaminants providing a deeper, thorough clean.

**MADE IN THE
USA**

FOUNTAIN

EM230 Sink on Drum Part Washer

Product Data Sheet

Features

- Flexible wash spigot with flow control
- Flow-through wash brush with button control
- 30-gallon drum capacity (drum sold separately)
- Ready for aqueous use
- Light up switches for indicating power status
- Heating module:
 - 1000W Heating
 - Automatic Thermostat Control
 - Manual Heating On/Off
 - Thermostat set at 122°F
- DANGER! NEVER use heating with solvent!**
- Wash pump w/ Viton seal, 210 GPH
- 304 stainless steel construction
- Built in GFCI protection with aqueous heater modules
- Lid spring with integrated fire safety fusible link.

Standard Accessories

- Flow-Through Wash Brush
- Sink Drain Strainer

Optional Accessories

- Drum
- Light Kit
- Inline Filter Kit

Product Dimensions

- Overall Dimensions: 37" L x 27" W x 58" H (installed on drum)
- Shipping Dimensions: 36.5" L x 30.5" W x 15.5" H
- Shipping Weight: 80 Lbs.
